Instant Soothing Mask

Multi-Soothing Enforcement Formula (MSE)

PHARMADEX

30ml

Instant Soothing Mask (MSE)

Pharmadex Instant Soothing Mask utilizes the patented, medical-grade MSE (Multi-Soothing Enforcement Formula). It is specifically designed for dry, eczema-prone, sensitive, and reactive skin.

Clinically tested, this formula helps repair and strengthen the skin's moisture barrier. It provides fast relief from itchiness and visible redness, softens rough texture, and ensures long-lasting hydration for a healthier, more resilient complexion.

Key Benefits:

Soothes Irritation: Quickly reduces redness and itching.

Deep Hydration: Replenishes moisture and strengthens skin barrier.

Seasonal Relief: Calms weather-induced dryness and sensitivity.

Post-Treatment Care: Ideal for use after professional skin procedures.

Fast-Acting: Visible calming effect in 15–20 minutes.

Active Ingredients:

Potassium Glycyrrhizate, Hydrolyzed Royal Jelly Protein, Hyaluronic Acid, Peppermint Leaf Oil, Allantoin

Step 1

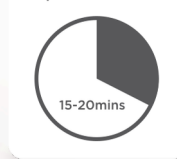

Cleanse skin

Step 2

Apply mask to face

Step 3

Leave on 15–20 mins

Step 4

Gently pat essence in

35ml

Instant Soothing Body Mask Size (22 cm × 15 cm), Suitable for Use on Different Body Areas

Pharmadex Instant Soothing Body Mask is powered by the patented MSE (Multi-Soothing Enforcement Formula) to calm sensitive, dry, eczema-prone, and easily irritated skin.

It helps relieve redness and discomfort caused by sun exposure, dryness, seasonal changes, or air-conditioned environments. Ideal for post-treatment care after laser, IPL, microneedling, and mesotherapy, the extra-large mask fits multiple body areas to deliver immediate cooling, soothing, and redness relief.
